BATTLE BEAST announce extensive European tour for autumn 2025
DOMINUM and **MAJESTICA** added as support

Finland's **BATTLE BEAST** have announced a massive **35-show European tour** as the first leg of their upcoming world tour. Kicking off with a bang on **October 17th** with their biggest German headline show to date at **Hamburg's Inselpark Arena**, the tour will keep the band on the road until mid-December.

To complete the bill with melodic metal superiority, the band is thrilled to welcome Germany's metal sensation **DOMINUM** as their special guest and Sweden's rising power metal force **MAJESTICA** as their opening act.

Tickets for the tour go on sale on Wednesday, **February 19th** at www.battlebeast.fi/tour.

The Helsinki-based sextet is currently delved deep in studio work, recording their seventh album, set for release before the tour kicks off.

"We are dying to take the new songs out on the road and let everybody see and hear what we've been working on. Everything about this tour will be bigger, better, and more than we've ever done before. We can't wait to see all our friends again—and hopefully make a whole bunch of new ones while we're at it!" comments bassist **Eero Sipilä**.

With **six albums**, over **300 million streams**, and four consecutive **#1 records**, the band has spent nearly two decades conquering the metal scene. Now, stronger than ever, **BATTLE BEAST** is ready to unleash their most grandiose show yet upon the metal-loving masses. The best is yet to come!
