#### **About Cristina Hart:**

Half Spanish and half Brazilian. Born in Switzerland and living in the UK, Cristina Hart shared her first EP ‘Sell a Dream’ back when the world fell to a standstill in 2020 – after being awarded the coveted ‘Do It Differently Fund’ by Help Musicians.

After taking a break from releasing music for nearly two years to improve her mental health and fall back in love with music, Cristina Hart started sharing her new music with a bold new era. Her comeback singles ‘Never Be Her’ and ‘Crash’ were featured in **CLASH**, **Earmilk** and **Notion**, gaining **over 1 million viral views** online, multiple BBC Radio 1 plays, and champions in the form of **Mollie King** (R1 Future Pop) and **Maia Beth** (R1 Best New Pop), which led to 30,000 Spotify monthly listeners, and over 650,000 organic streams, and continues to soar, as well as her first Spotify editorial placements on the likes of New Music Friday, Fresh Finds UK, New Pop UK, pov: ur that girl.

Since then, Cristina Hart has gone on to support Sonny Tennet on his soldout UK tour and **soldout her first headline show** at The Waiting Room. She then had the headline slot at ICMP Fresher’s Showcase at the O2 Academy Islington and is now ready to share her next era.
