

Gavin DeGraw

Boiler: GRAMMY® Award-nominated multiplatinum singer and songwriter Gavin DeGraw first broke through with his 2003 Platinum-certified debut, *Chariot*, which delivered the Gold single “Follow Through” and Platinum hits “Chariot” and the iconic “I Don’t Want To Be.” His self-titled sophomore album debuted in the Top 10 of the *Billboard* Top 200, powered by the Platinum-selling single “In Love With a Girl,” while his Gold-certified *Sweeter* produced the 4x Platinum smash “Not Over You.” DeGraw’s duet with Colbie Caillat, “We Both Know,” earned a GRAMMY® Award nomination for Best Song Written for Visual Media from the feature film *Safe Haven*.

With his 2022 album *Face The River*, DeGraw paid tribute to his late parents and their lasting influence on his life and music. He followed with *A Classic Christmas*, his first-ever holiday EP, and *Chariot 20*, a reimagined anniversary edition of his landmark debut. DeGraw just wrapped his Mountain Tour run and will be heading out with O.A.R. this summer on the Three Decades Tour.

DeGraw is the rare talent who can seamlessly share the stage with Billy Joel and The Allman Brothers or Maroon 5 and Shania Twain with his signature fusion of pop, soul, country, folk and funk.
