

# Slow Kiss & Fragile Animals

## Slowkiss

Slowkiss is a chilean alternative rock band formed in 20214 who manage to combine the noisy darkness of shoegaze with "scream-in-your-face" punk rock and hard rock with a ethereral-sounding pop.

## Fragile Animals

Fragile Animals are waking after 2024 the same way you wake up after a great night out...pulling on shoes to hit the street in search of coffee, a tune stuck in your head, and a smile on your face. Your gloomy pals are coming for 2025 with laced boots and a knowing grin.
