Bay are thrash metal legends TESTAMENT are very pleased to announce that they will return to Europe this autumn for a full-fledged co-headline tour with death metal trailblazers OBITUARY! After an extensive 2024 Summer festival run and a highly successful tour supporting their peers KREATOR and ANTHRAX at the end of last year, this October will see the mighty TESTAMENT lay waste to some of Europe's most renowned venues. Rounding off this killer tour will be none other than German thrash metal pioneers DESTRUCTION and black/death metal juggernaut GOATWHORE from New Orleans.

TESTAMENT's Eric Peterson (guitars) commented:
